THE LANGUAGE OF THE FIFTH WORLD OF THE HOPI IS THE FIFTH EPOCHAL REVELATION

- It is also called *The URANTIA Book* and *The Cosmic Family* volumes.
- The Fifth Epochal Revelation is written by various celestial beings through human vessels.
- Massau'u—of the Hopi Prophecy Rock—is the main celestial being that brings through *The Cosmic Family* volumes. He is also known as Paladin.
- Pahana, the prophet from the East who came to the Hopi in AD 1100, is also involved in *The Cosmic Family* volumes.
- Pahana has come again to Arizona, as he did in AD 1100, to fulfill the prophecy.
- The Native Americans who read and study the Fifth Epochal Revelation will have an increased spiritual manifestation power to manifest in the physical.
- Grandfather Paladin told us that thousands of years ago extraterrestrials had made contact with the Hopi people and had given them information about the time of purification.
- This will be the end of the Fourth World and the beginning of a new one.
- The men, women and children of the red race can take the lead in the bringing of Fifth Epochal Revelation to Earth (Urantia) if the leadership can become eagles of God.
- The fourth dimension has to do with a planetary consciousness level where the people of the planet begin to walk on what *The URANTIA Book* calls the third psychic circle and above.
- The Fifth World of the Hopi deals with the continuation of the Fifth Epochal Revelation on a planetary level that incorporates fourth-dimensional thinking and living. In the Hopi Fifth World, the Fifth Epochal Revelation (*The URANTIA Book* and *The Cosmic Family* volumes) will be the latest holy writings of the planet, studied by all the peoples of the world.

HOPI PROPHECY OF THE FIFTH WORLD

- The Hopi believe that the human race has passed through three different worlds and ways of life since the beginning.
- At the end of each world, human life has been purified by the Great Spirit, or Massau'u, due mainly to corruption, greed and turning away from the Great Spirit's teachings.
- The Hopi prophecy talks of us having Four Worlds, with the Fifth World about to emerge from the ashes of the Fourth, the timing signified by Nine Signs:
 - The coming of white-skinned men, who take land that is not theirs and who strike their enemies with thunder (guns)
 - The coming of spinning wheels filled with voices (covered wagons)
 - A strange beast like a buffalo but with long horns that overruns the land in large numbers (cattle)
 - The land is crossed by snakes of iron (railroad tracks)
 - The sky is crossed by a giant spider's web (power lines and chem trails)
 - The land is crossed with rivers of stone that make pictures in the sun (mirages on asphalt and concrete roads)
 - The sea turns black, killing many living things (oil spills)
 - Many youth, who wear their hair long like our people, come to the tribal nations to learn our ways and wisdom (hippies)
 - A dwelling place in the heavens, above the Earth, falls with a great crash, appearing as a blue star, and very soon afterward The Great Spirit (The Promised One, known in many religions by many names) will return, bringing with him the dawn of the Fifth World.

THE NEW JERUSALEM AND NIBIRU IN RELATION TO THE BLUE AND RED STAR KACHINAS

- The return of the Blue Star Kachina, who is also known as Nanga Sohu, will be the “alarm clock” that tells us of the new day and new way of life, a new world that is coming.
- This is where the changes will begin. They will start as fires that burn within us, and we will burn up with desires and conflict if we do not remember the original teachings, and return to the peaceful way of life.
- The New Jerusalem, the Holy City, is an architectural world that is now in our solar system and will bring light and life to this planet.
- The New Jerusalem causes higher consciousness, higher virtue, and higher conviction to make right decisions.
- Also coming is the Purifier, The Red Kachina, who will bring the Day of Purification. On this day the Earth, her creatures, and all life as we know it will change forever.
- Nibiru/Planet 7X/The Adjudicator/The Destroyer is coming closer to the planet which is causing increased Earth changes.
- In many prophecies of the world it is known that Nibiru has previously made passes by the Earth, causing much destruction. This time it is predicted that it will come closer than ever before.
- In some geographical locations Nibiru can be seen with the naked eye.
- The Adjudicator is coming to end all rebellion on Earth.

THE LUCIFER REBELLION AND THE HOPI STORY OF THE TALKER

- No matter what our race or creed, we all share in common the suffering that results from living on a “fallen planet.”
- According to the Fifth & Continuing Fifth Epochal Revelation, Lucifer got into a war with Wakan Tanka and distorted many of the concepts of truth of the ancestors and divided the tribes.
- According to the Fifth Epochal Revelation, the language of the Fifth World, the Planetary Prince (also known as the Great Leader from the Sky) followed the teachings of Lucifer and his followers became known as the Red Dogs. They continued to separate the tribes of the earth with false teachings.
- Then there came Lavahóya, the Talker. He came in the form of a bird called Mochni (a bird like a mockingbird), and the more he kept talking, the more he convinced them of the differences between them: the difference between people and animals, and the differences between the people themselves by reason of the color of their skins, their speech, and their beliefs in the plan of the Creator.
- People began to divide and draw away from one another: those of different races and languages, those who remembered the plan of creation, and those who did not.
- They became suspicious of one another and accused one another wrongfully until they became fierce and warlike and began to fight one another.
- But among all the people of different races and languages there were a few in every group who still lived by the laws of Creation.
- To them came Sóyuknang. He came with the sound of a mighty wind and suddenly appeared before them. He said, “I have observed this state of affairs. It is not good. It is so bad that I talked to my Uncle, Taiowa (also known as Van, in the Fifth Epochal Revelation), about it. We have decided this world must be destroyed and another one created so you people can start over again. You are the ones we have chosen.”

IROQUOIS PROPHECY OF THE TWO SERPENTS

- Deganawida (The Peacemaker) was a wise prophet of the Iroquois (Haudenosaunee). Together with the great Chief Hiawatha and the Mother of the Nations, Jigonsaseh, he established the "Great Law of Peace."
- There was a great meeting of the tribes, where the three rivers meet (presently Pittsburgh, Pennsylvania), and a confederation was formed to teach the ways of the Creator, as taught before the fall. Pahana was part of this federation but actually came from across the sea, from Celtic lands. Pahana went on to bring these teachings to the Hopi in the West in AD 1100.
- At that time the nations were at war among themselves. Deganawida was given a vision of a gigantic tree that reached up to the sky to the Elder Brothers, symbolizing the Family of Humanity. This was a symbol of the Tree of Life, which Van and Amadon ate from in the Garden of Eden, as mentioned in the Fifth Epochal Revelation.
- Deganawida began to preach a religion of love and harmony, thereby bringing unity to the Iroquois nations, a great confederacy which became the highest civilization known on the planet up to that time.
- In another vision, Deganawida foresaw the destiny of the Native Americans.
- Deganawida said that they will gather in the land of the hilly country between the branches of an elm tree, and they should pray and call upon Deganawida by name when they are facing their darkest hours, and he will return.
- There would at the same time exist among the Indians a great love and forgiveness for his brother.
- In this gathering would come not only the Iroquois, but all nations — and they would renew their friendship.
- Deganawida said that as a light approaches he would be that light, and he would return to his Indian people and they would become a greater nation than they ever were before.

ANISHINABE PROPHECY OF THE 8TH FIRE

- They will come to a fork in the road. One road will lead to Materialism and Destruction...for almost all living creatures... The other road will lead to a Spiritual Way upon which the Native People will be standing...This path will lead to the lighting of the 8th fire...a period of eternal peace, harmony, and a "New Earth" where the destruction of the past will be healed.

– *Anishinabe Prophecy*

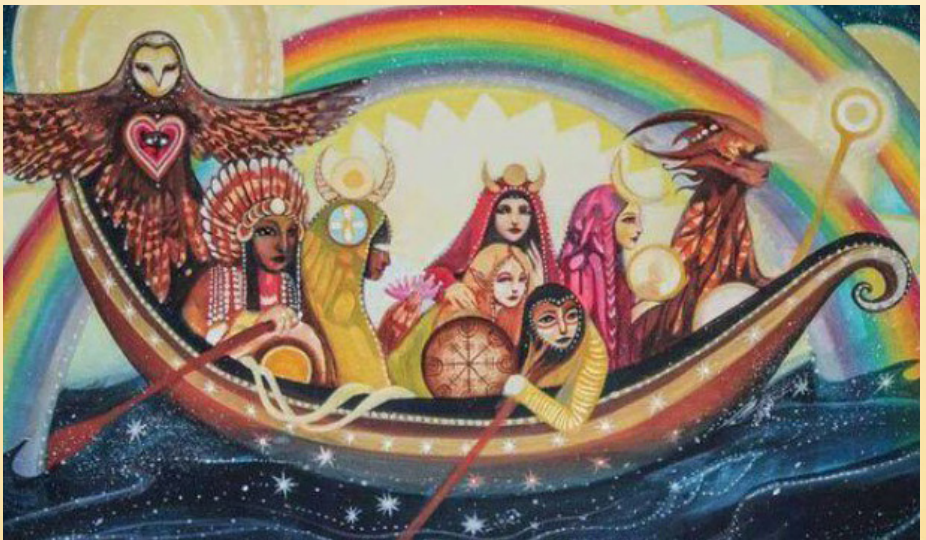

PROPHECY OF THE EAGLE AND CONDOR

- When the condor of the South flies with the eagle of the North, a new day for the earth will awaken!
- The Eagle represents the indigenous people of the North. The Condor represents indigenous people from the South.
- The Eagle is connected with the mind and the Condor is connected with the heart.
- Both the Eagle and Condor are primary symbols of many indigenous people of the Americas.
- Sacred prophecies from both North and South America foretell that after a period of 500 years of separation, the Eagle and the Condor will reunite along with all human beings.
- When the Eagle and the Condor reunite, our world will come into balance. Individuals will experience this as their thoughts and intuition coming together.
- The coming together of the Eagle and Condor will be the beginning of a time of peace.
- This has to do with the mind and the heart coming together—the language of the Fifth Epochal Revelation with the heart teachings of the indigenous peoples of the Earth—where the indigenous people will begin to read and study the epochal revelation of The URANTIA Book and The Cosmic Family volumes.

WARRIORS OF THE RAINBOW PROPHECY

- When the earth is ravaged and the animals are dying, a new tribe of people shall come unto the Earth from many colors, classes and creeds, who by their actions and deeds shall make the earth green again. They will be known as the warriors of the rainbow.
- According to The Cosmic Family volumes, these are the starseed children, whose souls come from other universes, and are presently incarnated (or repersonalized—CFER) back on the Earth.

SPIRITUALUTIONSM — JUSTICE TO THE PEOPLE MOVEMENT

- “A movement of millions inspired by Divine Administration. True revolution is the spiritual fusion of the heart/earth teachings of the indigenous ways with the mindal teachings of Ascension Science & The Physics of Rebellion in Continuing Fifth Epochal Revelation as revealed in The Cosmic Family volumes. It is the realization by five hundred million starseed, who have not been able to fit in to the present system, that they have lived before and know that they have a point of origin from another universe.”

SPIRITUALUTION

JUSTICE TO THE PEOPLE

Gabriel of Urantia Meets Titus (One of the Oldest Living Hopi Elders) At the Time of His Death. Excerpts from his book "The Divine New Order".

- In early autumn of 1994 we were invited to visit Titus, one of the oldest living Hopi Elders at his farm in Hopi land in northern Arizona.
- A sign at the entrance of his farm said, "Serving under Creator's Law, One Mother, and One Humanity."
- The important message that I felt was being communicated by Titus was that this was the time of the return of the Promised One and the ancestors.
- He was telling me to believe in my destiny, to believe that peace would come to this planet, and that all men would again walk as brothers on the earth.
- During our time there, a miraculous event occurred. Massau'u came through me, and started singing in Hopi. Titus seemed to be greatly energized by this occurrence. Titus lit up like a fire was under him. He began to sing and chant in his Hopi language, raising his hands in prayer.
- I knew that I had received some kind of subatomic transference from Titus's body to mine and that I would now hold within my molecular reality some kind of mandate from this Hopi Elder—some kind of responsibility that he wanted me to carry on, some kind of responsibility that he wanted me to fulfill for his people. I believe I became a pipe carrier for Titus.
- When I knew it was time to leave, I looked at Titus' eyes closely one more time, and he said goodbye and then closed his eyes and smiled. (We learned several weeks later that Titus had transcended the planet).

Words from Paladin

- It is not a change by force. It is a change of heart and mind—seeing ourselves as cosmic citizens with a cosmic destiny, not as citizens of a nationality or a race, but as citizens of a planet within the brother-/sisterhood of humankind.
- The Universe Mother Spirit within and without is beginning to give birth to a new earth, a new seed. Those who do not belong in the new soil will not be able to stay.
- There is no need for you or your loved ones to face the tribulations alone.
- The 26,000-year cycle for regeneration of the energies of the solar system is here, and the neighboring planets will contribute their love in bringing powerful forces to help in the rebirth of your planet.
- Those who have ears to hear the spirits of the air, must prepare the families of the earth for the times of change.
- The great Iroquois Confederacy became strong because they were able to unite under one language and there was a common understanding of certain truths.
- The new confederacy of tribes will be of all the races of mankind on Earth who walk in the light of the Great Spirit and in the gentleness of the Earth Mother.
- You must bring your families to the sacred lands, and there plant and harvest.
- You must begin to see yourselves as planetary citizens and cosmic citizens.

A CALL TO DESTINY RESERVISTS

- When a consciousness shift happens on a global basis, the planet will come into the first stage of light and life which is also called planetary Divine Administration.
- The people of the world need to come into the divine mind of unity and cooperation, and care for one another.
- If this does not happen now on a massive scale, if people all over the world do not replace the governments of imperialism and capitalism with a Divine Administration of true godly leaders, our earth and the people on it will perish, for we have come to the depletion of our natural resources.
- The current Planetary Sacred Home is Avalon Organic Gardens & EcoVillage, located in Tumacácori, Arizona, known by the indigenous as "The Palm of God's Hand."

- All the races on the planet must come into a shared language of understanding these higher spiritual concepts, as presented in the language of the Fifth World—the Fifth Epochal Revelation and CFER.
- The indigenous people of the world can be instrumental in this undertaking.
- There are many souls of destiny in the youth of the red race today.
- “This generation of little children is the Seventh Generation. Not just Indian children but white, black, yellow, and red. Our Grandfathers said the Seventh Generation would provide new spiritual leaders, medicine people, doctors, teachers, and our great chiefs. There is a spiritual rebirth going on.”
